

# Dana Rosamund Teagle

## Web/Software Developer

Toronto, Ontario

### Summary

---

- Designer & developer with 3+ years of experience transforming client requirements and specifications into accessible and intuitive websites, applications, and front-end interfaces
- Detail-oriented programmer who focuses on writing clean and maintainable code while efficiently troubleshooting and debugging issues
- Proven track record of leading teams and fostering effective collaboration, honed over 6+ years of experience managing restaurants and cafés

### Work Experience

---

#### Web/Software Developer

*Parallel 42 Systems (May 2023–present)*

Contract (Full-time)

- Collaborated with project managers, back-end developers, designers, and Q.A. teams to build large-scale applications for clients (including Fortune 500 companies)
- Consulted on front-end methods and tools to streamline our development processes and ease onboarding for future web application projects

#### Web Designer/Front-End Developer

*Self-employed (Apr 2020–present)*

Freelance

- Designed sites and managed social media profiles for over 15 small businesses and self-employed clients, resulting in boosts of up to 60% in online visibility and web traffic
- Ensured consistent brand representation across multiple platforms, including e-commerce sites, booking systems, and email marketing campaigns

#### Social Media Manager

*University of Western Ontario (Apr 2023–Jul 2023)*

Contract (Part-time)

- Leveraged research by an education scholar with over 5,000 social media followers to develop a knowledge mobilization plan including visually appealing graphics and compelling web copy

### Education

---

#### Web Development Immersive

*Juno College of Technology (2022)*

- Graduated with a grade average of 91.4% and mentored students from subsequent cohorts over the following 6 months

### Skills

---

- |              |               |
|--------------|---------------|
| ▪ JavaScript | ▪ HTML        |
| ▪ TypeScript | ▪ CSS         |
| ▪ Vue.js     | ▪ SCSS        |
| ▪ React.js   | ▪ jQuery      |
| ▪ Angular.js | ▪ Python      |
| ▪ Figma      | ▪ Adobe Suite |

### Projects

---

#### Queer Walk (Pytheas)

[queerwalk.ca](http://queerwalk.ca)

- Collaborated with Windsor HackForge to develop a React app offering a guided walking tour experience for the 2SLGBTQAI+ community in Windsor, Ontario
- Led development of the project while spearheading upgrades to Pytheas, the open-source application that Queer Walk used as a framework

#### Note Taken

[danateagle.com/notes](http://danateagle.com/notes)

- Developed an Angular-based web app that enables users to create, organize, filter, search, and export concise personal text notes
- App uses local storage, which ensures the security and continuity of user data across multiple sessions
