# Dana Rosamund Teagle

*Web/Software Developer*

**Toronto, Ontario**

## Summary

- Designer & developer with 3+ years of experience transforming client requirements and specifications into accessible and intuitive websites, applications, and front-end interfaces
- Detail-oriented programmer with a strong focus on writing clean and maintainable code, while also troubleshooting and debugging issues efficiently
- Proven track record of leading teams and fostering effective collaboration, honed over 6+ years of experience managing restaurants and cafés

## Work Experience

### Web/Software Developer
*Parallel 42 Systems (May 2023–present)*
Contract (Full-time)

- Collaborated with project managers, back-end developers, designers, and Q.A. teams to build large-scale applications for corporations
- Consulted on front-end methodologies and tools to streamline our development processes and ease onboarding for future web application projects

### Web Designer/Front-End Developer
*Self-employed (Apr 2020–present)*
Freelance

- Designed sites and managed social media profiles for over 15 small businesses and self-employed clients, resulting in significant boosts of up to 60% in online visibility and web traffic
- Ensured consistent brand representation across multiple platforms, including e-commerce sites, booking systems, and email marketing campaigns

### Social Media Manager
*University of Western Ontario (Apr 2023–Jul 2023)*
Contract (Part-time)

- Utilized research by an education scholar with over 5000 social media followers to develop visually appealing graphics and compose compelling web copy for knowledge mobilization purposes

## Education

### Web Development Immersive
*Juno College of Technology (2022)*

- Graduated the program with a grade average of 91.4% and provided mentorship to students from subsequent cohorts over the following of 6 months

## Skills

- JavaScript
- TypeScript
- React.js
- Vue.js
- Angular.js
- HTML
- CSS
- SCSS
- jQuery
- Python

## Projects

### Queer Walk (Pytheas)
*queerwalk.ca*

- Collaborated with Windsor HackForge to develop a React app for the 2SLGBTQAI+ community in Windsor, Ontario, offering a guided walking tour experience
- Spearheaded significant upgrades to Pytheas, the open-source application upon which Queer Walk was constructed, while leading the development of the project

### Note Taken
*danateagle.com/notes*

- Developed an Angular-based website allowing users to create, organize, filter, search, and export concise personal text notes
- Use of local storage ensures the security and continuity of user data across multiple sessions
